**CITY OF GLOUCESTER
TRAFFIC COMMISSION**

**A meeting will be held on Thursday September 23, 2010 at 6:00 p.m.
at the third floor conference room at Gloucester City Hall**

Please conduct your own site visits when convenient

The meeting was moved to the main auditorium at City Hall and was opened by Chairman Robert Ryan at 6:03 p.m. Also attending were members Larry Ingersoll, Robert Francis, Anthony Bertolino and Michael Mulcahey. Also, City Councilor Ann Mulcahey and residents Barbara Ferraro and Joseph Favaloro.

AGENDA

The following were tabled at our previous meeting and will be heard again at this meeting:

Order #CC2010-054 (Councilor Mulcahey) Ordered that the GCO Sec. 22-287, entitled "Disabled veteran, handicapped parking" be amended by adding:

Main Street, one (1) handicapped parking space in the vicinity of #21

(August Meeting) After a discussion and speaking to Councilor Mulcahey, a MOTION was MADE, SECONDED and PASSED to TABLE the order until such time the businesses in the area are consulted. The MOTION PASSED on a 4-1 vote. Member Larry Ingersoll dissented as wherever the handicap space is put, it will affect an area business and he saw no reason why a decision couldn't be made at this meeting.

*(September Meeting) After a discussion and speaking to Councilor Mulcahey, A MOTION was MADE, SECONDED and PASSED to **APPROVE** the order with the Handicap Space being placed where meter #10 is currently installed. (Northerly side of Main Street by #46 Main Street. The TC believes that a Handicap Space is needed in the West End of Main Street.*

NOTE: An unmetered space at the end of Mansfield Way (between Virgilio's and Mystery Train) would be too small for a Handicapped space.

CITY CLERK
GLOUCESTER, MA
10 SEP 27 AM 7:14

Order #CC2010-056 (Councilor McGeary) Ordered that the GCO sec 22-287 (Disabled/Handicap Parking) be amended by

DELETING: Arnold Way, near the corner of 74 Mt. Pleasant Avenue, designated as one handicapped parking space (Ord. 3-27 or 6/24/03)

AND BY ADDING: Arnold Way, near the corner of 74 Mt. Pleasant Avenue, designated as two (2) handicapped parking spaces.

(August Meeting) After a discussion, a MOTION was MADE, SECONDED and PASSED to TABLE the order. The requestor was unable to attend and at the request of Councilor McGeary the order was TABLED.

*(September Meeting) No requestor was present for the second meeting on this order. A MOTION was MADE, SECONDED and PASSED to **NOT RECOMMEND** the order. The Street is a small dead end street and the TC feels that 2 handicap spaces would hinder the remaining parking on the street.*

Order #CC2010-059 (Councilor Theken) **Ordered** that the GCO Sec. 22-287, entitled "Disabled veteran, handicapped parking", be amended by **adding:**

one (1) handicapped parking space, in front of 2 Harvard Street

(August Meeting) After a discussion, a MOTION was MADE, SECONDED and PASSED to TABLE the order until the requestor can be present. (As has been the custom with the TC with all Handicap requests) (Due to a communications mixup, the requestor was not notified of this meeting).

*(September Meeting) After a discussion and speaking to the requestor, a MOTION was MADE, SECONDED and PASSED to **APPROVE** the order as written. The sign should be installed as close to the address as feasible.*

NEW ORDERS

Order #CC2010-062 (Councilor Verga) Ordered that the GCO Sec 22-270.1 (Resident Sticker Parking Only) be amended by

ADDING: Rafe's Chasm parking area/lot off Hesperus Avenue, adjacent to the entrance of Rafe's Chasm

*After a discussion and speaking to an area resident, a MOTION was MADE, SECONDED and PASSED to **NOT RECOMMEND** the order. The TC was concerned that the area could be considered a tourist attraction and should not be 'off limits' by being restricted to residents only. The TC believes that current ordinances be clarified*

and enforced to prevent parking. The TC will research the parking restrictions and make a recommendation at our next meeting for future ordinances

Order #CC2010-063 (Councilor Mulcahey) Ordered that the GCO Sec 22-270 (Parking Prohibited at all Times) be amended by

ADDING: Parking prohibited on one side of the street on Oak Street and Maple Street.

*After a discussion and speaking to Councilor Mulcahey, A MOTION was MADE, SECONDED and PASSED to **APPROVE** the order as requested, with the **AMENDMENTS** made that on Maple Street parking be restricted on the northerly side and on Oak Street the parking be restricted on the southerly side. Two separate orders will have to be created to correctly word the ordinances. The TC realizes that this will hinder the parking for the residents but with the recent addition of sidewalks, it has narrowed the street considerably. Current parking has vehicles with 2 wheels on the sidewalk, which is illegal, and also negates the idea of a sidewalk.*

Order #CC2010-064 (Councilor Mulcahey) Ordered that the Traffic Commission and the O&A Committee review the parking situation and traffic flow along the entire length of Mount Vernon Street to address the accidents occurring because the street is so narrow, and to take into consideration the following:

Ordered that the GCO Sec 22-267 (One Way Streets) be amended by

ADDING: Mount Vernon Street for its entire distance

*After a discussion, A MOTION was MADE, SECONDED and PASSED to **TABLE** the order. (Vote was 4-1 with member Larry Ingersoll in opposition as he would have preferred the order being not recommended) The tabling would allow Councilor Mulcahey to gauge the neighborhood feelings on this matter.*

NOTE: *At the previous O&A meeting, a suggestion was made about the Handicap Space recently approved in the area of Main Street. A suggestion was made that there may be an unmetered space between the Animal Shelter and Nelson's. The space suggested is currently metered (#61). The TC stands by their vote at the previous meeting placing the space at meter #75 by the Gorton's satellite lot entrance.*

The meeting was adjourned at 730 p.m.

Mayor's Office

September 28, 2010
Mayor Kirk
City Hall
Gloucester, MA 01930

Dear Mayor Kirk,

I am writing to you regarding my interest and request to join the Gloucester Historical Commission.

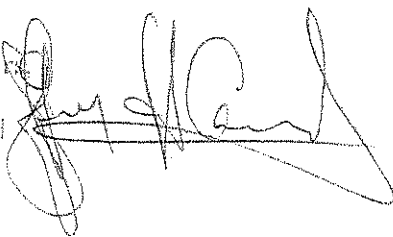

At the invitation of Ian Lane and David Rhineland, I have been attending meetings since last spring, and I am now requesting to become a voting member of this commission. I was first introduced to the work of this commission by my friend Pru Fish, and I believe that I am a good candidate to assist this group.

In my work, I have spent the past twenty five years preserving, restoring, and rebuilding old buildings in the Cape Ann area. I believe that my understanding of the mechanics of historic buildings and my years of reading and studying local history will be of value to this Commission. My work reflects my belief in preserving the past while establishing the future.

I have been committed to the Gloucester community for many years. For the past five years I have been teaching Cape Ann children Outward Bound skills with the Gloucester Museum School during the summer months. My primary focus in teaching is to utilize Cape Ann as a living classroom and to instill in our children a love and sense of wonder for the area in which they live. My intention is to share my vast knowledge and love of local history with the kids. I am also the Boy Scout Troop Master for Gloucester Troop 56, a member of the Building Committee for the Annisquam Village Church, and I was one of the founders of the New Fish Festival.

Sincerely yours,

Jeff Crawford

(Chapters 1 through 182)**TITLE VII CITIES, TOWNS AND DISTRICTS****CHAPTER 40 POWERS AND DUTIES OF CITIES AND TOWNS****Section 8D Historical commission; establishment; powers and duties**

Section 8D. A city or town which accepts this section may establish an historical commission, hereinafter called the commission, for the preservation, protection and development of the historical or archeological assets of such city or town. Such commission shall conduct researches for places of historic or archeological value, shall cooperate with the state archeologist in conducting such researches or other surveys, and shall seek to coordinate the activities of unofficial bodies organized for similar purposes, and may advertise, prepare, print and distribute books, maps, charts, plans and pamphlets which it deems necessary for its work. For the purpose of protecting and preserving such places, it may make such recommendations as it deems necessary to the city council or the selectmen and, subject to the approval of the city council or the selectmen, to the Massachusetts historical commission, that any such place be certified as an historical or archeological landmark. It shall report to the state archeologist the existence of any archeological, paleontological or historical site or object discovered in accordance with section twenty-seven C of chapter nine, and shall apply for permits necessary pursuant to said section twenty-seven C. Any information received by a local historical commission with respect to the location of sites and specimens, as defined in section twenty-six B of chapter nine, shall not be a public record. The commission may hold hearings, may enter into contracts with individuals, organizations and institutions for services furthering the objectives of the commission's program; may enter into contracts with local or regional associations for cooperative endeavors furthering the commission's program; may accept gifts, contributions and bequests of funds from individuals, foundations and from federal, state or other governmental bodies for the purpose of furthering the commission's program; may make and sign any agreements and may do and perform any and all acts which may be necessary or desirable to carry out the purposes of this section. It shall keep accurate records of its meetings and actions and shall file an annual report which shall be printed in the case of towns in the annual town report. The commission may appoint such clerks and other employees as it may from time to time require. The commission shall consist of not less than three nor more than seven members. In cities the members shall be appointed by the mayor, subject to the provisions of the city charter, except that in cities having a city manager form of government, said appointments shall be by the city manager, subject to the provisions of the charter; and in towns they shall be appointed by the selectmen, excepting towns having a town manager form of government, in which towns appointments shall be made by the town manager, subject to the approval of the selectmen. When a commission is first established, the terms of the members shall be for one, two or three years, and so arranged that the terms of approximately one third of the members will expire each year, and their successors shall be appointed for terms of three years each. Any member of a commission so appointed may, after a public hearing if requested, be removed for cause by the appointing authority. A vacancy occurring otherwise than by expiration of a term shall in a city or town be filled for the unexpired term in the same manner as an original appointment. Said commission may acquire in the name of the city or town by gift, purchase, grant, bequest, devise, lease or otherwise the fee or lesser interest in real or personal property of significant historical value and may manage the same.

Subject: Application for Clean Energy Commission Vacancy

Dear Mayor Kirk,

While attending a meeting of the MAPC North shore Task Force, I learned from Sam Cleaves that there is an opening on the Gloucester Clean Energy Commission. I would be very interested in joining the Clean Energy Commission, and would like to submit my name for that vacancy. I talked with Sam about the work of the Commission, and I feel that it could play an important role not only in meeting environmental goals, but also in saving municipal funds, and fueling economic development in Gloucester. I would like to be part of that!

I think that my background could be useful to the dialogue of the Commission. I spent 30 years working for the Town of Hamilton, with 12 years as the Town Planner, and 18 years as the Town Administrator. I worked on the wind energy by law adopted by Hamilton in the 1980's, and more recently worked on the new alternative energy siting by-law as part of the Green Communities Program. Hamilton and Wenham filed a joint application for the Green Communities Program, and were designated as Green Communities this past spring. I also worked on a proposed wind turbine project to be developed jointly with the U.S. Air Force at their Hamilton solar telescope site, and on setting up and administering a joint Hamilton-Wenham Energy Services Contracting project for retrofitting municipal buildings with energy-saving capital improvements, funded through the stream of energy savings resulting from the improvements.

So, I bring some relevant experience and much enthusiasm for the City's work on clean energy options and conservation. Please let me know if I need to do anything other than submit this e-mail to apply for the opening on the Clean Energy Commission, and please feel free to contact me at the phone/e-mail listed below.

Thank you for your consideration.

DIVISION 11

SECTION 2-514 CLEAN ENERGY COMMISSION

Be it enacted by the City Council assembled and by the authority of the same as follows:

Sec. 2-514 The Gloucester Clean Energy Commission is created to promote clean energy options in Gloucester, including energy efficiency, conservation and the development of clean and renewable energy.

Sec. 2-515 The Commission shall pursue the following tasks:

- a) Propose and develop strategies to reduce energy costs of city-owned facilities and vehicles through energy conservation, efficiency and renewable energy measures. The strategies may include electricity, vehicle fuel, natural gas and oil conservation and may identify innovative cost-saving measures.
- b) Recommend city-wide programs including participation in federal or state-wide energy initiatives, such as the Green Communities Program, to promote and facilitate smart energy strategies for Gloucester citizens on both public and private real property.
- c) Work with appropriate city departments to track energy usage and costs associated with key assets and operations of the City.
- d) Identify climate adaptation and mitigation issues and strategies to safeguard the long-term economic and cultural vitality of the City.
- e) Follow emerging federal and state mandates, as well as initiatives and funding opportunities for energy conservation, renewable energy, or climate adaptation and mitigation strategies. Recommend strategies to comply with applicable mandatory or voluntary standards.
- f) Provide guidance, in the form of education or information, to the Mayor, City Council and key city departments and personnel, to support their decision-making on recommended strategies and clean energy opportunities.
- g) Serve as a communications and information resource on clean energy issues and city initiatives for the public through:
 - i) Meetings and sponsored events;
 - ii) Maintenance of an active web site;
 - iii) Regular communications to interested parties; and
 - iv) Public/private partnerships.

Sec. 2-516

a) The Commission shall consist of seven (7) members. Members shall be appointed by the Mayor and approved by the City Council, subject to the provisions of the City Charter. Appointees shall serve staggered terms of two years beginning at the date of appointment and ending on February 14 as required by the city charter. Commission members shall be Gloucester residents and may include representation by appropriate city employees as determined by the Mayor. Members will be selected based on relevant experience and knowledge in energy management strategies, renewable and alternate energies, energy efficiency and/or community sustainability. A vacancy occurring other than by expiration of a term shall be filled for the unexpired term in the same manner as an original appointment.

b) The terms of the members shall be staggered, as such, the initial members shall be for the following terms:

- i. Three members for one year;
- ii. Four members for two years.

c) The Commission shall:

- i. Meet on a monthly basis and retain meeting minutes;
- ii. Report to the Mayor on a quarterly basis; and
- iii. Beginning six months after its initial formation, the Commission shall submit to the Council on a semi-annual basis a report of its activities and its progress in achieving its mission.

Subject: Green Street Playground

Mr. Cole,

I am again trying to ascertain who has given permission for cars(of the Vikings organization only) to be allowed to park on the Green Street field. I have sent several emails to you regarding the safety of the children playing at the playground with cars driving back and forth with limited visibility. Just to recap the situation: I notified you on August 27th of the rock being moved to provide car access to the field, I informed you of my son almost being hit by a car and I asked you who issued the "permit" that the Vikings organization supposedly obtained to move the rock, you stated that a gate was to be installed or maybe a fence and that the cars were instructed to "drive slowly". So far I have received several conflicting messages: I was told that the Vikings would have a key to the gate so that idea is a waste of time, energy and taxpayers money; I was told that a city official has a family member on the Vikings and gave permission to park on the field; A member of the Vikings organization told Sargent Williams yesterday that you gave them permission to park on the field. I would just like to know how to proceed-the City ordinance, sec, 15-34 Use and activities restrictions clearly states that no unauthorized vehicles shall be allowed to enter upon the recreational grounds of any park, playground or ballfield. This should apply to the Green Street field as it is listed in this section. Access for emergency vehicles was also mentioned and I do not recall any other field(such as Burnhams, the Oval, or Wilson) being temporarily altered during any time. I feel that convenience has taken priority over safety and safety of our children should be everyone's main priority as they are the ones that utilize the parks and playgrounds the most. Please advised as to the City's plans on addressing this issue. Your assistance is appreciated.

Thank you,
Shirley Lake

DATE RECEIVED BY COUNCIL:	09/28/10
REFERRED TO:	TC & O&A
FOR COUNCIL VOTE:	

Ordered that the Traffic Commission and the O&A Committee review the parking situation and traffic flow along Leonard Street from its intersection with Washington Street to its intersection with Rockholm to address the inability of public safety vehicles to provide rapid response to the far reaches of The Annisquam Village and Lands End.

Further to advise what type of informational signage would be appropriate for posting at the beginning of the village intersection Washington and Leonard (near the telephone pole in front of Church) that would alert trailer trucks not to go into the village as there is no turn around, it is a dead end with no outlet.

Background: Leonard Street is the only way in and out of the Village. Larger sized weddings at the Annisquam Village Church necessitates parking on both sides of the narrow Leonard Street, which inhibits emergency vehicles access on a timely basis. Possible solutions include allowing parking on only one side of the street.
